

Letter of Recommendation

Date: June 28, 2023

To Whom it May Concern,

I am writing to recommend Marina Joveska, a student who recently completed our Software Tester Course at Javen Advertising LLC Bitola. Marina has consistently shown dedication, attention to detail, and strong problem-solving abilities throughout the training program.

Marina has demonstrated an impressive aptitude for understanding complex software systems and identifying potential issues. Her meticulous approach to testing has ensured the quality and functionality of various software applications. She actively engaged in the program, constantly seeking opportunities to enhance her skills and knowledge in software testing.

Marina possesses excellent communication and collaboration skills. She effectively communicates with team members and stakeholders, providing valuable insights and ideas. She is receptive to feedback and continuously strives to improve her work.

Based on Marina's performance and potential, I confidently recommend her for any entry-level software testing position. She has a strong foundation in software testing principles and techniques and is well-equipped to contribute to any testing team. With her dedication and drive, Marina will excel in an upper-level position and make significant contributions to any organization she joins.

Please feel free to contact me for further information. I am more than happy to provide additional insights into Marina's abilities and qualifications.

Sincerely,

Ana Ristevska, CEO
Javen Advertising LLC
